## **EXAMINER'S AMENDMENT & STATEMENT OF REASONS FOR ALLOWANCE**

### ***Examiner's Amendment***

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Ms. Linda L. Palomar on 06 June 2006.
3. The application has been amended as follows:

#### **Claim 17:**

In line 2 delete "the drain phase" and insert therefor --a single drain phase--.

### ***Allowable Subject Matter***

4. The following is an examiner's statement of reasons for allowance: The closest prior art of record, U.S. Patent No. 5,545,259 to SUZUKI, fails to teach or reasonably suggest the claimed invention. Specifically, SUZUKI discloses a washing operation including operating a drain pump in a washing machine by pumping for a first period of time and stopping for a second period of time 10% or less than the first period of time. However, SUZUKI fails to teach or reasonably suggest starting the pump and stopping the pump in such manner in a single drain phase wherein the steps of starting and stopping are repeated for the entire single drain phase in order to achieve reduced

pump blockages. For at least the foregoing reasons, claims 17-20, 23, 26-27, 30 and 33 are believed to recite patentable subject matter.

### ***Conclusion***

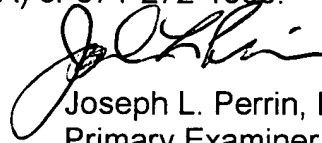

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
